Thank you for your interest in our English Conversation Program. Our program matches an English speaker with an English learner. We ask for a commitment of one hour a week for one year. The purpose of the program is to give people learning English an opportunity to hear and produce conversational English, learn about idioms and slang and our American culture. This program often fills an important gap in learner's lives as they, by necessity, speak their home language with their families and because academic programs often do not focus on conversation.

Please fill in the enclosed application, answer the last four questions on a separate sheet of paper, and mail it to us at the above address. Upon receipt of your application, we will be in touch you to set up a short orientation (about one hour). After you attend the orientation, you will be matched with an English Language Learner from our waiting list whose contact and background information we will provide you with. You will be responsible to contact your new partner and set up meetings at times convenient to both of you.

I am available to answer questions any time during your application process or after you are matched with a partner. Thank you again for your interest in our program. Being a conversation partner can begin a fascinating and fulfilling time in your life. The Literacy Volunteers staff looks forward to meeting you.

Literacy Volunteers Androscoggin English Conversation Partners Program Application

Date _____
